

Welcome to the Tanzania Mining Cadastre Portal

The [Tanzanian Ministry of Energy and Minerals \(MEM\)](#) and [Spatial Dimension](#) have developed this Mining Cadastre Portal to improve transparency and promote investment in the Tanzania mining sector.

Click on a tenement in the map to view detailed information or use the search functionality to search by tenement code or company name.

MEM is currently undertaking a data validation exercise of all tenements in the Tanzanian mining sector. Please contact MEM using the contact details on the Disclaimer page, if data issues are noted.

Information on this map is typically updated each business day, and was last updated on the **21 June 2016**.
