private investors in Saudi Arabia and other countries of the Gulf Cooperation Council.

SABIC began in 1976 by Royal decree and its growth has been nothing short of miraculous. Today, the company has operations in over 50 countries with a global workforce of over 40,000 talented individuals.

To find out how SABIC was created, and how it achieved its current success, please see the [Corporate Profile](#) pages. Or, for an idea of our size and capacity, see the [Facts and Figures](#) page.

LEADERSHIP

The Chairman of SABIC is [Prince Saud bin Abdullah bin Thunayan Al-Saud](#). Acting Vice-Chairman and Chief Executive Officer, [Yousef Abdullah Al-Benyan](#), leads the global [management team](#). The company is overseen by a [Board of Directors](#) taken from government and the private sector.

ORGANIZATION

SABIC is composed of several business units, each headed by an Executive Vice President. These are: Chemicals, Plastics, Agri-Nutrients, Metals and Specialties. These operating units make distinctly different kinds of products:

- ▶ Chemicals
- ▶ Plastics – Polyolefins, PET, PS, PVC, Engineering thermoplastics
- ▶ Agri-Nutrients
- ▶ Metals
- ▶ Specialties

LOCATION

SABIC's principle corporate offices and headquarters are in Riyadh, Saudi Arabia with major industrial operations in the industrial city of Al-Jubail on the Arabian Gulf, as well as in Yanbu on the Red Sea.

SABIC's global presence continues to grow rapidly. Our ambitious plans for expansion are matched by the development of an infrastructure of manufacturing plants, distribution centers, offices and storage facilities worldwide. This enables us to respond efficiently to the needs of our customers in key markets around the world.

The company’s manufacturing , sales, technology and innovation facilities are located throughout the globe and are managed by four regional offices: the [Middle East and Africa](#), [Asia](#), the [Americas](#) and [Europe](#). To find out more about our operations please see the [worldwide](#) section.

INNOVATION

Because we are constantly looking to the future, we invest heavily in [Technology and Innovation \(T&I\)](#). Our T&I facilities are spread across the globe with hundreds of dedicated scientists contributing to the ongoing development of new patents and certifications.
