

Government of Western Australia
Department of Mines and Petroleum

Environmental Assessment and Regulatory System (EARS)

EARS Online and EARS 2 are online systems for submitting and tracking environmental applications, and compliance reporting.

Users must be registered against a company in order to access either system. Applications received by the Department are strictly confidential; only applications lodged by the Company you are registered for will be displayed.

EARS Online

EARS Online allows online lodgement and tracking of the following Mineral and Petroleum Environmental Applications:

- Programmes of Work - lodgement and tracking
- Mining Proposals - lodgement and tracking
- Mining Proposals with Mine Closure Plans - lodgement and tracking
- Petroleum Environment Plans

EARS 2

EARS 2 allows online lodgement and tracking of the following Mineral Environmental Compliance Reports:

- Annual Environmental Reports (AER)

- Mining Rehabilitation Fund (MRF)
- [EARS 2 Frequently Asked Questions \(/Documents/Environment/ENV-BUD-034.pdf\)](/Documents/Environment/ENV-BUD-034.pdf)

Require help or assistance?

Should you require any assistance regarding the system contact the department's IT Service Desk on +61 8 9222 0777.
