OUR COMMUNITY

Investment in the future of communities during and beyond the life of our operations remains core to Debswana.

Debswana’s primary support for community development in Botswana comes through the revenues its operations generate for the Government, along with jobs created and sustained, as well as resultant increases in living standards for communities associated with our work.

We are committed to ensuring that the impact of our operations is beneficially experienced by associated communities. Debswana manages community relations in accordance with international standards for community engagement, consultation and support.
