Safety, Health and Environment

ETAP has been playing an outstanding role in health, security and environment in fields in which it operates.

Various activities were carried out, including the following Guidelines:

- ❖ Updating health, safety and environment check-list.

- ❖ Carrying out audit missions in concessions of ASHTART, UTIQUE SABRIA, FRANIG et SIDI EL KILANI.
- ❖ Conducting work accident investigation in Ashtart concession.
- ❖ Participating in partners' meetings to settle health security and environment issues.
- ❖ Identifying training needs of personnel and the provision of the training so identified in health, safety and environment.
- ❖ Implementing internal operations and evacuating ETAP Headquarters plans.
- ❖ Setting up study of CRDP
- ❖ Facilitating group meetings of workplace health and safety commission (CSST)
- ❖ Implementing standards applied to ETAP activities in health, security and environment.
- ❖ Following up ETAP environmental and social performance.
