About Libya

COMPANY PROFILE

Mabruk Oil Operations is one of the oil companies operating on behalf of NOC (National Oil Corporation ) & Total E&P. Mabruk Oil Operations activities are based on the model of an operating company with core business activities focused in oil / gas fields' development and production; this is widely practiced in Libya.

Mabruk Oil Operations is a non profit company and does not have an aptitude for making any. It has a task in providing a service for the development, operation and production of commercially declared and explored assets on behalf of all partners (NOC, TOTAL, WINTERSHALL and HYDRONORSK).

Mabruk Oil Operations employees around 379 employees in 2008 of which 59 are expatriates, 320 are locals. They are distributed among its 3 main operational sites (see below) and its main offices located at Dhat El Imad Complex in Tripoli.
