**THE OFFSHORE PETROLEUM PRODUCTION AND PIPE-LINES
(ASSESSMENT OF ENVIRONMENTAL EFFECTS) REGULATIONS 1999**

Listed below are details of the environmental statements received by the Department of Energy and Climate Change (DECC) for projects which are subjected to environmental assessment under the above-mentioned regulations. The purpose of this list is to show the availability of these environmental statements and the contact details for information.

It remains the duty of the company undertaking the project to publish information concerning these projects in appropriate newspapers required by clause 9(f) of the regulations.

Those entries in blue italic are for environmental statements where the public notice period has ended but the consents have not yet been issued
