

Cameroon Oil - proved reserves

[Factbook](#) > [Countries](#) > [Cameroon](#) > [Energy](#)

Oil - proved reserves: 200 million bbl (1 January 2013 est.)

Definition: This entry is the stock of proved reserves of crude oil in barrels (bbl). Proved reserves are those quantities of petroleum which, by analysis of geological and engineering data, can be estimated with a high degree of confidence to be commercially recoverable from a given date forward, from known reservoirs and under current economic conditions.
