Performance Monitoring

The State Enterprises Commission (SEC) has been the key stakeholder in monitoring the Corporation's performance through a mid-year and annual assessment the past few years the Corporation has adopted the Performance Management System (PMS) as a tool for measuring performance through our set objectives. The broad corporate objectives, departmental objectives and key performance indicators (KPIs) are set, out of which individuals derive their targets. Mid-year assessment is conducted to take care of any variations in the scope of operations before the conduct of the annual appraisal, where adjustments are made to accommodate extenuating circumstances.

Unincorporated Investments

These represent GNPC's main Exploration and Production investments covered under the various Petroleum Agreements and Data Acquisition Agreements. GNPC is a party to all upstream Petroleum Agreements in Ghana. The Corporation also enters into agreements with various companies for data acquisition.

Incorporated Investments

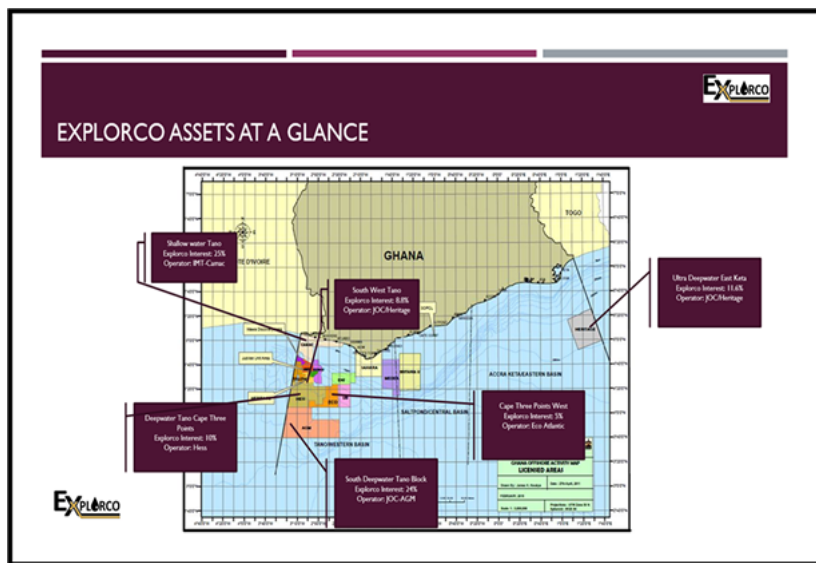

Subsidiaries

GNPC Exploration and Production Company (Explorco)

The GNPC Exploration and Production Company Limited (Explorco) was borne out of GNPC's aspiration to grow its interests and participation in exploration and production activities in the country. Explorco is also a key plank of GNPC's strategic tools to achieve rapid capacity building and technology transfer to GNPC to enable the attainment of the Corporation's goal of becoming a world-class operator in 15 years. GNPC sought to meet this ambition by taking on measured risk in selected blocks through Explorco and build operating capability through the Joint Operating Company ("JOCS") concept/model with world-class operator. Following relevant approvals from the GNPC Board and the Minister for Energy & Petroleum, Explorco was registered as a Limited liability Company in November 2015.

Assets

Explorco has negotiated stakes in 6 blocks offshore Ghana. The blocks are located in three strategically focused areas in the Tano-Cape Three Points and Keta Basins.

| Block/Operator | Basin | Explorco Interest |
|---------------------------------|-------|-------------------|
| Shallow water Tano/Cumac Energy | Tano | 25% |
