Annual Review 2006

This year's Annual Review chronicles a major energy enterprise on the move – taking the initiative, tackling the future and pushing the envelope. It traces the developments in every facet of Saudi Aramco's extensive and expanding business portfolio, and notes the

substantial progress made on a wide variety of megaprojects and major corporate programs.

Annual Review 2007

The 2007 Review highlights several of these “cornerstones.” We are building on our record of unmatched reliability by preparing for future market conditions. Ongoing initiatives to locate additional proven reserves of crude oil and our upstream mega-projects are geared to expand our maximum sustained crude oil production capacity to 12 million barrels per day by 2009.
