Upstream Sub – Sector

The objectives of the Upstream Sub-sector is to ensure the effective management of the oil and gas resources of the country and also accelerate exploitation of and development of new hydrocarbon resources for the overall benefit and welfare of all Ghanaians.

Government is further committed to attracting increased local value-added investments in the oil and gas sector and the indigenization of knowledge, expertise and technology.

Downstream Sub – Sector

The objectives of the petroleum downstream Sub –sector are to rehabilitate and expand petroleum refining, storage, distribution and marketing infrastructure.

To ensure fair distribution of petroleum products to all parts of the country and reduce heavy burden of oil imports on the country's economy by accelerating the exploitation of indigenous hydrocarbon resources.
