KAIRIKU - HIRI & NATIONAL CAPITAL DISTRICTS

This notice serves to inform the people of Sohe District in the Oro Province, the Kairiku-Hiri of Central Province and the people within the National Capital District that there will be a team of government geologists from the Mineral Resources Authority (MRA) in Port Moresby who will be conducting geological mapping in your areas.

Field mapping will start from 1st to the 21st June, 2016 and is basically to map the rock units within the districts in order to produce an updated geological map of these areas. All field mapping information collected during this field campaign will be kept for government records and will be used to stimulate mineral exploration in the area or help the government to make better decisions on planning and land use.

This is a Government activity to improve the geological maps of these areas, and not to be confused with private exploration for gold or copper.

Assistance Project

The Second Mining Sector Institutional Strengthening Technical Assistance Project (MSISAP2) was successfully completed by Mineral Resources Authority in June 2015. The development objective was improving key Extractive Industries sector institutions which included the Department of Mineral Policy and Geohazards Management, Mineral Resources Authority, Internal Revenue Commission and ABG Department of Minerals Energy Resources. The significant milestones included

- Development of key policies such as Sustainable Mining Development Policy; Mining Projects Rehabilitation and Closure Policy and the Mining Involuntary Resettlement Policy.
- Development of a Computerized Mineral Tenements Management System;
- Strategic Environment and Social Assessment Scoping Study (SESASS) including Bougainville;
- Capacity Building of Women in Mining Associations for Use of Small Grants;
- Strengthening of IRC in capacity building and development of its audit teams in identifying risks and undertaking audits in mining and petroleum corporations; and
- Development of the ABG Mining Policy, Mining Legislation and Mining Regulation.

In achieving these significant milestones it has contributed to strengthening policy and regulatory frameworks for the mining sector; strengthening mining sector governance, regulation and sustainable development outcomes; improving revenue collection and audits of the sector and strengthening the foundation for a conflict free mining sector on Bougainville.
