MESSAGE FROM ECHEM

It is our pleasure to introduce you to the Egyptian Petrochemicals Holding Company (ECHEM), one of the four specialized bodies of the Egyptian Ministry of Petroleum.

Our mission is to grow a focused competitive portfolio of successful petrochemical businesses based on local human and natural resources, using state-of-the-art technology and through implementing a pre-set National Petrochemicals Master Plan.

We seek to leverage a "win-win" culture that balances our interests with those of Our stakeholders through methodologies and strategies. Our key driving force is to fulfill local & global market needs with quality products and services that best place our company at the forefront of the industry.

Egyptian Petrochemicals Holding Company would not have attained its respectful rank without the commitment of its entire workforce, whose strive for excellence is evident in the products provided. We would like to extend our gratitude to all past Chairmen and executives whose diligent efforts and wise management contributed in the company's success. We would also like to thank ECHEM's reputable shareholders for their continuous trust & support.

Chairman & CEO
