* Country	Australia	Address Type	☒ Physical ☐ Postal
* Email		* Confirm email	
* Phone		* Mobile	
Fax		Preferred Login Name	

Your email address will be used to confirm your registration, and to send a notification of your username and initial password.

Please select the application(s) you require access to

☐ **Dangerous Goods Licences and Dangerous Goods Security Card**

Select to commence registration for access to SRS.

☐ **Dangerous Goods Site Licence Online Application**

Only for use by accredited dangerous goods consultants for the lodgement of Dangerous Goods Site Licences.

☐ **Environmental Assessment and Regulatory System (EARS Online)**

EARS Online is an easy-to-use system which allows lodgement, submission and tracking of the following Mineral and Petroleum Environmental Applications:

- Programmes of Work - lodgement and tracking
- Mining Proposals - submission and tracking
- Mining Proposals with Mine Closure Plans - submission and tracking
- Environmental Plans
- Oil Spill Contingency Plans

 Environmental Assessment and Regulatory System 2 (EARS 2)

EARS 2 is a new easy-to-use online system which allows submission and tracking of the following Mineral Environmental Compliance Reporting:

- Annual Environmental Reports (AER)
- Mining Rehabilitation Fund (MRF)

☐ **Managed File Transfer (MFT)**

For use when the transfer of large files to and from the Department is required.
Apply only as directed by a Departmental Officer and when no user account exists.

☐ **Mineral Titles Online (MTO) and Tengraph Online**

Mineral Titles Online (MTO) provides details of mineral exploration and mining tenements in Western Australia.

Tengraph Online displays the position of Western Australian mining tenements and petroleum titles in relation to other land information and provides an easy means of determining land available for mineral exploration.

- ☐ **Petroleum & Geothermal Register (PGR)**
Provides access to the system as a registered user.

☐ **Royalties Online**

For mineral and petroleum producers ONLY, for the lodgement of royalty returns and online production reports.

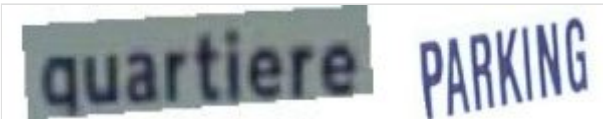

☐ **Safety Regulation System (SRS)**

The Safety Regulation System (SRS) is a corporate business system that aims to provide an integrated and efficient management environment for Approvals, Audits, Notices, Notifications and Registrations.

☐ **WAMEX Report Lodgement (WAMEX)**

WAMEX Report Lodgement.

To complete your registration, please enter the words you see in the box, in order and separated by a space. Doing so helps prevent automated programs from abusing this service.
