50-Word Copy

Ghostwriter Prism's stealthy, aluminum and ABS exterior houses German-made Cherry MX mechanical switches for quick, quiet key actuation with reliable precision. 16.8 million color lighting effects can be programmed via keys without software and dedicated media controls, a detachable wrist rest, and dual USB ports for effortless customization.

100-Word Copy

Ghostwriter Prism's stylish, stealthy exterior hints at the cutting-edge tech below its aluminum faceplate. Genuine German-made Cherry MX mechanical switches deliver quick, quiet key actuation with consistent, reliable precision. Unlike most other RGB keyboards, the Ghostwriter Prism lighting and effects can be programmed via keys without complicated software. Dedicated media controls with a volume roller, and a detachable wrist rest, dual USB ports provide effortless convenience. Performance is also state-of-the-art. With a 1 millisecond response time, 100% anti-ghosting, and full n key rollover, each key press is registered with lightning fast precision.
