Dear Claude,

I am writing to congratulate you for earning a place on the Spring 2017 Dean's List. As you may already know, this is a recognition for undergraduate students who earn 12 or more credit hours for the semester with a grade point average of 3.50 or better (out of 4.00) and who are not subject to any disciplinary action. As Dean of the Southern Polytechnic College of Engineering and Engineering Technology at Kennesaw State University, I commend you on your good work and encourage you to continue to make academic achievement an on-going goal for yourself. Students like you are one of the reasons that KSU is starting to become recognized as one of the better universities in Georgia.

Sincerely,
