DESIGN EXPERIENCE

SENIOR CAPSTONE PROJECT: REDEFINED BATHROOM PRODUCTS 16 WEEKS, JAN - APRIL 2020

- Designed for personal industrial design project for senior year of industrial design program.
- Conducted first and secondary research and various methods to identify and understand problem at hand.
- Developed 3 products to prevent and respond to falls in the bathroom, aiming to rid of the negative association these products can have with aging and disability.

INTERIOR SPACE DESIGN PROJECT

4 WEEKS, NOV - DEC 2019

- Collaborated with a team to design an interior for the International Center for Creativity relocation project.
- Presented the concept of "mechanically-crafted" to capture the essence of the environment.
- Developed a floorplan, created a model in Sketch Up, and then rendered it in V-Ray with appropriate materials, lighting, signage and furniture.

DESK DESIGN PROJECT

4 WEEKS, AUG - SEPT 2019

- Designed 2 student desk concepts for the International Center for Creativity.
 - Generated ideas using hand and digital sketching, rapid prototyping, and various research methods.
 - Modeled 2 designs in Solid Works, rendered in Keyshot, and presented the process and ideas to the client.
-

WORK EXPERIENCE

TEXAS ROADHOUSE
SERVER

COLUMBUS, OH
SEPTEMBER 2018 - APRIL 2020

- Work a fast-paced and detail-oriented position with a "legendary" attitude to bring back guests and help the restaurant run smoothly.
 - Train new hires to help them become active team members.
-
