Sally Jones, RN  
Geisinger Medical Center  
100 N Academy Ave, Danville, PA 17822

**Dear Sally Jones:**

I am writing to you today regarding the Registered Nurse position on the Medical- Surgical Unit that is advertised on the Geisinger Careers website. I believe that I have the background experience that would be ideal for your consideration for the RN position.

I am interested in this position primarily because I have come to love the diversity and challenges of a Med-Surg unit. I hold a Bachelor of Science degree in Nursing and a B.S. in Human Services. I was fortunate to have the privilege of completing both an Internship and Externship on the Med-Surg unit at Geisinger, while earning my degrees. While working on the Med-Surg unit, I learned a great deal about teamwork, and prioritization. I have always had a passion for providing excellent care to patients. I realize the importance of communicating with my co-workers and patients. I am extremely excited for the opportunity to work in a professional capacity and grow at Geisinger Medical Center.

I am very interested in meeting with you to further discuss the position and I look forward to an interview. If you require any additional information or items, please do not hesitate to contact me. Thank you, in advance, for your consideration of me for the RN position on the Medical Surgical Unit.

Sincerely,

**Claire Preisch**
