Proposed Plan

While watching a loved one battle stage four pancreatic cancer, I personally have many questions and feel helpless sitting in support during chemotherapy treatments. Many individuals within our Warrior family find themselves in similar situations due to the high prevalence of cancer in our world.

My proposition is to hold an educational event in the Warrior Underground and assemble Chemo Care Kits for individuals undergoing treatment at the Froedtert Cancer Center in the spring of 2020. These kits will include comforting items as well as handwritten letters put together by the attending students. I will host a Q&A session with a panel of speakers ranging from hospital psychologists, nonprofit organization founders, and area students battling cancer to share their stories from a Christian perspective, serving as a reference to answer difficult questions on how to show support in times of crisis.

My budget of five hundred dollars will break down as follows: four hundred dollars will be used to create twenty Chemo Kits at twenty dollars apiece, this number may fluctuate based on the number of sponsorships I can create, leaving one hundred dollars for snacks at the event, thank yous to my panel, supplies for letters, and all unaccounted expenses.

Understanding how to lead in a time of crisis is a skill that does not come naturally to most. Therefore, the students of Wisconsin Lutheran College can attend this event and be given confidence through the advice of others and our Lord Jesus Christ.
