## CURRICULUM VITAE

### ABOUT ME

Originally from São Paulo, Brazil, my passion lies in between the making of video and digital art, and the study of Art and Film History. In 2014, I moved to Miami, Florida, and decided to delve more into the world of art as I determined which colleges I would apply to. In 2016 I was accepted at Emerson College to pursue a degree in Visual & Media Arts with minors in Art History and Marketing; and started my studies in Spring 2017 – expecting a B.A. diploma in Fall 2020.
