Summer 2019  
Dear Sir/Mam,

I am writing this letter in reference to a position working for your company. I am currently a second semester sophomore at the University Of South Carolina Aiken. My personality is very outgoing and my demeanor is always friendly. In writing this I would state how much of an great asset to your company I would make.

There are many qualities that I have to offer for example, I have excellent computer skills, I enjoy working with people and have excellent customer service skills. Although I have excellent leadership skills I know how to follow orders and instructions, with that meaning, I can be a team player. I believe that the skills that I have will add to your already great customer service. If given the opportunity to become a part of such a dynamic company and team, I assure you that I will work very hard to project a positive reflection on the company.

I have served as a volunteer for three summers of my high school career at Palmetto Richland Hospital and I get great comfort in knowing that I have helped someone. I have also worked recently within the Kroger enterprises in the deli/bakery department and found great comradery

with all persons i worked with. I am a hard and dedicated worker and one who takes pride in her work.

Thank you for taking the time out of your busy schedule to review my application and resume for consideration. I will call to follow up with you within 1 week.

Respectfully,

Julia L. Evans
