To Whom It May Concern:

I am pleased to write on behalf of Augustine Klavsons.

Augustine has been working under my supervision since the start of the summer out of East Hanover's PepsiCo facility. Since the start, Augustine demonstrated interest in getting to understand and know how PepsiCo runs, aside from his daily routine. Augustine has challenged other co-workers in his same position by asking questions and finding solutions to better improve the work place. He demonstrates the ability to think outside the box and see the business in a larger spectrum, which demonstrates how he wants to grow within the workplace. Augustine has gained the ability to think on his feet when it comes to talking to a new manager at a store, which in return allowed him to gain a unique experience at such a young age. Being able to cater to different managers in different stores is not an easy task, but being able to gain the experience to understand what they are looking for is gained over time, and that is exactly what Augustine has accomplished in his time with PepsiCo.

Augustine has demonstrated that to me as well as the rest of management that he is able to successfully work through difficult tasks, and that you can depend on his hard work out on the field. For this reason, I am convinced that Augustine will be a great asset for your company as he was for ours. Please feel free to contact me if you have any additional questions.

Sincerely,

Tatiana Ramirez
