---

### **Professional Summary**

Dedicated student who aspires to do work in geologic research as well as go into teaching. Currently attending Bates College, and has experience in mentor programs and other community based organizations that focus on teaching and helping children with academics and personal struggles. Excellent skills with Microsoft programs such as Word and Excel, as well as iOS programs including Pages and Keynote, and Google programs such as Docs, Slides, and Sheets. Eager and willing to learn new skills and communicate with others.

---

### **Work Experience**

January 2018 - Current

Teaching Assistant and Academic Resource Commons Tutor at Bates College

Provides resources to students, keeps labs and field trips organized, leads review sessions, and acts as a bridge between faculty and students.

Summer 2019

Researcher at Bates College

Worked with Professor of Geology Beverly Johnson at Bates College and performed research on the health and general function of a salt marsh in Woolwich, ME. Gained valuable skills in both the field and the laboratory.

Summer 2017

Cashier

Worked as a cashier and bagger at Hannafords Supermarket in Yarmouth, Maine from June to August of 2017.

Academic Years from 2014 to 2017

Clipper Buddies mentor program, Yarmouth High School and Yarmouth Elementary School  
Mentor to an elementary school student for her three years at the Yarmouth Elementary School, and one fourth grade student. Met with the students once a week for an hour and played games, helped with schoolwork, and talked about any personal issues they were facing.

Summer 2014

Yarmouth Community Services, Yarmouth, Maine

Volunteer Counselor at Clipper Day Camp

Aided full-time counselors with management of campers and activities.
