Nurse Manager ICU

Robert Packer Hospital

1 Guthrie Square

Sayre, PA 18840

Dear Mrs. Jarvis,

I am writing this letter to you in hopes to become part of the team and department you oversee. I aspire to be an ICU nurse at Robert Packer Hospital because I believe I will be an asset to the team. I learned about the opening via a job posting through the RPH job postings. Because of my resiliency and strong drive to always complete the best work possible, I believe I this position is a perfect fit for me.

I am interested in working for Robert Packer as a hospital, because I believe it is the best hospital in the area with staff that has the reputation for giving the best care. I have never worked in critical care but am eager to gain the experience and knowledge that this job setting has to offer. For the past three years I have worked in addition at St. Joseph's Hospital in Elmira NY as an LPN on the unit providing care to a diverse group of patients. I am ready to explore an atmosphere that consists of more hands-on care in my new position as an RN. I believe this position is perfect for me because I strive for perfection which I will implement into my work setting at the ICU.

I look forward to meeting you and would welcome an interview at a time that is convenient for you. As listed above, you can contact me via mail or telephone should I meet expectations to acquire an interview. My availability is open for an interview at your earliest convenience. Thank you for your time and consideration for this position.

Sincerely,

Stephanie Burchard
