North New Hyde Park, NY 11042

To Whom It May Concern:

I express great interest and believe I would be an exceptional candidate for the Registered Nurse position on the Medical Surgical Department at Northwell Health Plainview Hospital. I have successfully completed my Bachelor of Science in Nursing at Elmira College, an accredited school of nursing, which would serve me as a strong candidate for the position offered. I have been made aware of the opening from close acquaintances that currently are employed at Northwell Health Manhasset.

Prior to my board certification, I have previous experience working with clients and personnel while under the employment of F.W. Sims, Inc. This previous employment opportunity allowed me to develop strong verbal and organizational skills.

During my clinical experience, I have worked on several units in the hospital setting of varying specialties including respiratory, medical surgical, orthopedic, labor and delivery, and intensive care. The range of units has expanded my horizons and allowed me to experience a broad variety of patients. I performed basic duties such as feeding and bathing, recording vital signs, and measuring food & liquid intake. I have learned to utilize equipment on the unit such as oximeters, glucometer, sphygmomanometer, obtain lab specimens and ambulation.

Considering that Northwell Health is the 14th largest health system in the United States and the largest in New York State, I would be honored to secure the position I am currently seeking. Enclosed you will find my resume that highlights my strengths and qualifications. I look forward to hearing back from you and do not hesitate to contact me with any questions or clarifications. I thank you for your time and attention.

Best of Regards,

Rebecca Muha
