Employment History

Campus Corp Leader

Students for Bernie • Annville, PA

10/2019 - 04/2020

As Campus Corp Leader of Students for Bernie at Lebanon Valley College, I essentially act as the President of this organization. My job is to organize events and meetings, lead meetings, communicate with LVC staff on holding events, running the group's social media, and so much more!

Vale Music Group

Social Media Manager • Annville, Pennsylvania

09/2020 - Present

My primary job at Vale is to represent the company well at various music conferences and events. I also do any work that the company needs me to do on the marketing side. For example, when I first started at Vale, I sent out dozens of emails and social media private messages to people within the music and media industry, in order to get them to come to our conference, aptly called Vale Conference. After the conference, they tasked me with running Vale's Instagram, as I have over five years of experience with social media overall. While running Vale's Instagram, I was able to increase the number of likes on posts two-fold and increased engagement by over 400 percent. This increase in overall engagement is due to hours of research I did on when to post, how to increase engagement, how to take better photos, et cetera.
