

BIO

A few things about me! I was homeschooled growing up except for a few odd years in public school and because of that I was able to graduate at 16 and start community college. I am now 19 and heading into my junior year in the Nursing program at Olivet. I have a special love for children and have worked in childcare throughout high-school and college. I also love math, painting, dogs, the outdoors, and playing piano. I had my first job as a detassler at 12 and have been taught growing up to work hard. I always helped with housework, yardwork on our 8 acre property, car projects, gardening etc. I am a passionate artist and a committed academic two gifts I hope to combine to be a creative and excellent nurse.

ABIGAIL BAKER

EDUCATION

Olivet Nazarene University

August 2018 – Spring 2019 (currently in progress)

Nursing major. I am also on the JV women's tennis team alongside my academic pursuits. I was honored to have three creative works included in the 2018-2019 TYGR Art & Literary Magazine, two art pieces and a poem. Spring of 2019 I was privileged to receive an ONU Foundation scholarship in addition to my Phi Theta Kappa scholarship.

Parkland College

August 2016 – May 2018

My Parkland GPA was 4.00 throughout my time there. I was part of Phi Theta Kappa Honors Society as well as being named on the dean's list each year I attended.

WORK EXPERIENCE

Parkland College - Peer Tutor

May 2018–August 2018

I worked as a tutor in disciplines including math, statistics, chemistry, biology, psychology, and sociology helping students with concepts, homework and study strategies.

Sidney Dairy Barn – Food Service Employee

June 2016–August 2018

My responsibilities included working the register, making food items for customers, cleaning, tracking inventory, caring for landscaping, and general customer service.

7 Watts – Assistant, Assembler, & Social Media Manager.

August 2015–August 2018

My responsibilities included item assembly, assisting with order placement and administrative tasks as well as creating and producing social media content for Facebook, Instagram, and Google+.
