Research Experience

"The Role of Socio-cultural Perspectives and Vaccine Misinformation on the Intention to Receive Covid-19 Vaccination in a Selected Sample of Georgia Southern students", Georgia Southern Honors Research Symposium, April 2022

Georgia Southern University, Statesboro, GA

Mentor: Dr. Joanne Chopak-Foss

- Constructed a survey on COVID-19 vaccine intent on students of the Jiann-Ping Hsu College of Public Health.
- Conducted a literature review on previously published works about vaccine intent and socioeconomic factors on college adult students.
- Analyzed and compiled data in organized reports using SPSS Software.
- Presented findings in the 2022 Honors Research Symposium.

"How Implicit Bias and Structural Racism of African American Women in Healthcare Setting is Affecting the Maternal Mortality Rate in Georgia", Georgia Southern Research Symposium, April 2021

Georgia Southern University, Statesboro, GA

- Conducted interdisciplinary research surrounding the factors associated with the maternal mortality rate of African-American women in the state of Georgia.
- Collaborated with other students to conduct a literature review on relevant findings and shared the information through a poster presentation.
- Presented findings in the Georgia Southern University research symposium.

Work Experience

Office of Student Wellness and Health Promotion, August 2023 to Present
Graduate Assistant
Statesboro, GA

- Design, schedule, and post social media marketing for health and wellness programs.
- Draft data reports for health and wellness events and compile them into monthly reports.
- Table at campus events and disseminate information to increase student usage of on-campus health and wellness resources.
- Collaborate with team members for programming events and create activities that will engage students in health and wellness topics.

Lamar Medical Center, August 2022 to July 2023
Medical Assistant/Phlebotomist
Augusta, GA

- Appointment scheduling of routine follow-ups, ER and hospital follow-ups, and new patient scheduling.
- Following infection control and safety procedures in carrying out daily phlebotomy tasks.
- Daily vital sign measurements of up to 30 patients daily and maintenance to their medical records using the EPIC healthcare system.
- Clerical duties such as copying, scanning, printing, and faxing patient health information while maintaining HIPAA compliance.

College of Science and Mathematics, Spring 2022
Biology Supplemental Instructor
Statesboro, GA

- Assisted professor in tasks such as leading review sessions, and proctoring exams.
- Attended weekly meetings with the professor to discuss upcoming supplemental instruction goals.
- Served as the connection between the professor and students, maintaining frequent communication to address supplemental instruction concerns.
- Engaged students in active learning methods to increase their rate of retaining information.

Office of Leadership and Community Engagement, 2020-2021
Community Liaison
Statesboro, GA

- Participated in on-campus volunteer recruitment events for local Statesboro non-profit organizations and disseminated volunteer sign-ups to student organizations.
- Assisted the Statesboro YMCA with the “A Place to Dream” Initiative, conducting outreach to low-income families in need.
- Made recruitment visuals for local organizations and made weekly visits to Statesboro Habitat for Humanity Restore to assist with community programming.
