

Virali Shah

Looking for a challenging internship (spring – 2021) to gain valuable exposure to challenging business intelligence project and practices, and explore my skill sets and knowledge, to effectively deliver assigned responsibilities and contribute to organizational growth along with personal development. I want to be a part of the team, where I can learn from others and leverage my knowledge for the growth of team.

EXPERIENCE

Wipro Limited, Pune, India— *Project Engineer*

July 2016 - May 2019

I worked at Wipro Limited as a Full-stack developer (MERN Stack) and was then working at the client location at American Bureau of Shipping wherein I was responsible for developing the generic modules in React JS and Redux JS for virtualizing the operations that were carried out on a ship.

I was also responsible for training the new joiners in order to make them tech equipped before joining them into the agile teams.

I also received many best performer awards including the cash awards worth \$1500 every quarter.

Focus Learning Center, Vancouver, Canada- Coding Instructor

August 2019 - Present

Currently I am working with Focus learning center helping the Chinese students to learn programming by helping them making new animations, games and most importantly teaching them how to decode if they face any issues while programming, helping them to be strongest while debugging.

Dean's Research Program, NYIT Vancouver, Canada- Build a Chatbot Assistant

May 2020 – July 2020

I have developed a Chatbot using React JS as a front end and node JS as a backend which simply recognizes 170 languages and tells the weather over the entire world.

EDUCATION

New York Institute of Technology, Vancouver— *M.B.A.*

August 2019 - August 2021

I am pursuing my master's program at NYIT Vancouver so that I could get a profound skillset including Tech and Management skills.

Government Engineering College, Rajkot, India— *B.E(Computer Engineering)*

June 2012 - May 2016

I pursued my undergraduate degree in Computer Science Engineering back in my home country India with a solid GPA of 9.09 and topped the state with the third rank.
