KEY ACHIEVEMENTS

2013 United States Army Fort Benning, GA

While serving as a logistics clerk, recognized by direct supervisor, Donte Sinkler, for gathering, logging, and monitoring all shipping data to keep an accurate account of all items.

Minimized damage and repair cost through careful management and preventative maintenance of \$250,000 equipment.

2014 United States Army Fort Benning, GA

While serving as a logistics clerk, recognized by direct supervisor, Prince Davies, for updating the database with changes in carrier status to keep customers updated so they will have accountability of their product.

Managed shipment schedules to maximize productivity and cut costs of \$500,000.

2015 United States Army Fort Benning, GA

While serving as a logistics clerk, recognized by Donte Sinkler, for prioritizing order security, accuracy, and on-time pickup and delivery. Oversaw return and exchange processes from customer to supplier. Accurately kept product orders, vehicle information, and order percentages on file to receive 100 percent on our operations inspection.

Received all imported goods and checked product condition and count of over 300 lines of products worth over \$1.1 million.

RELEVANT EXPERIENCE

February 2017 - August 2018 Coca-Cola Space Science Center Columbus, GA

Using the NASA grant awarded to me by Columbus State University I worked as an intern at the West Rock Observatory where I worked on the radio astronomy project where our research team assembled and tested a radio telescope. Much of the research done in the WestRock Observatory was focused on solar imaging.

Recognized for volunteering to help guests safely observe the August 21, 2017, solar eclipse. Recognized for increasing guest safety by showing the guests how to safely observe the eclipse through eclipse glasses and telescopes.

January 2007 – August 2007 **WDS Global** Kirkland, WA

My position at this company was as a **Data Technician** where I assisted customers of Verizon Wireless and AT & T with their cell phone, PC card and Laptop connections to the internet. All technical troubleshooting with the customers was done over the phone. Responsible for using Remedy Ticket system to make notes on troubleshooting process so other Data Technicians could assist customers in the future if they were still having technical issues with their equipment.

Recognized by supervisor because customer was pleased by the technical expertise and customer service that I provided for her to help you fix an issue that other Data Technicians were not able to help her solve in the past.
