LANGUAGES

Native English speaker,
proficient in Spanish

PROJECTS

Assisted Standing Wheelchair — *Engineering Project*

January 2020 - May 2020

Member of a team of engineers who designed a lever based system to aid wheelchair users in standing up from their wheelchair. Project was school based, and modeled a professional engineering project. Provided me with real-world experience outside of a company. Portfolio is available upon request.

Handicapped Accessible Plant Boxes — *Eagle Scout Project*

November 2018 - February 2020

I solely lead this project. The project consisted of the construction of 4 plant boxes to beautify the patio at Loren Health Centers Taney town and provide a wheelchair accessible outdoor activity for residents. The project was extremely extensive and detailed. A complete portfolio of the project is available upon request

Portfolio and references are available upon request
