Experience

Quality Control Inspector IV

BAE Systems, Inc

08/2022 – Present

Westminster, CO

Monitored supplier-provided parts and assemblies for compliance with engineering drawings, specifications, and quality requirements, driving SLA performance, process improvements, and continuous improvement in aerospace manufacturing.

- Led the 6s team in cutting overhead cost & increasing team efficiency by reducing any non-value-added tasks in the inspection process, ultimately improving the Service Level Agreement (SLA) by 10%.
- Developed an enhanced training program for MQA to standardize training, provide traceability, and reduce time charged to overhead.
- Maintain detailed records and documentation to mitigate miscommunication among inspectors, engineers, planners, and management, improving overall efficiency.
- Provided training to junior inspectors, ensuring quality control and operational efficiency, resulting in 4 inspectors qualified in several commodity codes.
- Support program execution through risk mitigation strategies, process improvements, and cross-functional collaboration.

Senior Technician/ Collateral Duty Inspector

Fleet Readiness Center Northwest (U.S. Navy)

03/2019 – 08/2022

Oak Harbor, WA

Supervised inspections and quality assurance for military aircraft parts, ensuring compliance, readiness, and workflow efficiency.

- Managed workload tracking, audit programs, and led 17 sailors across two high visibility work centers, executed 1,404 maintenance actions contributing to the work center's 87 percent Ready For Issue (RFI) rate.
- Performed on-the-job (OJT) training sessions to 16 sailors influencing the qualification of 10 Collateral Duty Inspectors
- Created a new work center including OJT syllabus to meet the demands of the fleet, qualifying 12 Apprentice and Journeyman technicians enhancing the work centers qualification rate by 75 percent.
- Supervised the training, calibration, and tool programs, and educated 17 sailors of the process yielding zero discrepancies in most audits giving the Command acknowledgment across the naval fleet.

Aircraft Electrician Technician / Collateral Duty Inspector

HSM-73 (U.S. Navy)

01/2015 – 03/2019

San Diego, CA

Performed inspections, troubleshooting, and electrical repairs to maintain aircraft safety and mission readiness.

- Conducted phase, daily, and turnaround inspections that totaled 4,212 maintenance actions and over 12,092 manhours.
- Safely executed 4,520 mishap-free flight hours and over 508 sorties with a 98.8 percent embarked sortie completion rate.

- Provided in-depth training to Enlisted Aviation Warfare Specialist (EAWS) program enrollees, resulting in the completion of 43 qualified sailors.
- Actively trained sailors in the process of becoming a Plane Captain, directly contributing to 12 qualified Plane Captains, elevating the command's Plane Captain qualifications by 30 percent.
