Dance Marathon

2021

Miracle Maker

- Raised money for Children's Miracle Network

Keepin' The Dream Alive

2021

Member

- Worked with the company to spread motivation to students across campus

Interests

- I've always loved being on the stage. Whether it be performing with my competition team in a routine at a dance competition or with my high school in a musical or choir concert, I love performing for an audience. Entertaining the people is a fun way for me to express who I am and my passion
- I've had an interest in studying the human mind and its ways of acting, reacting, feeling, etc. ever since I started high school. Thinking on different events in my life and how I acted, I always wondered why I did what I did and wanted to know more about topics surrounding the main idea of developing brains and effects of situations and personalities.

Volunteering

- Collected and transported donations of foods to the SCAC building in the DoSomething Club
- Worked at a booth in the Christmas in Springboro weekend festival
- Helped at organized youth group events towards community benefit
- Packaged meals in Centerville for soup kitchens
- Packaged meals in Springboro Baptist Church for international food banks
