My current GPA is 3.6, as it was just transferred from my time at CSI. I am a member of the criminal justice club and hope to join more clubs to help further my experience at Dixie State. I am maintaining A's and B's my first semester at DSU.

College of Southern Idaho-Class of 2021

I earned an Associate degree in STEM (Science, Technology, Engineering, & Mathematics) with a 3.6 GPA in December 2020. My education is mostly centered around Chemistry and Mathematics. During my time at College of Southern Idaho (CSI) I earned many scholarships for academics and athletics. I received a full ride scholarship going into my second year at CSI. I was unable to compete my third semester due to an injury. I served my third and last semester at CSI as the Team Manager and still received a scholarship.
