EXPERIENCE

Technical Solutions Engineer   July 2025 - Present
Epic Systems   Verona, WI
- Collaborate with other members on the Grand Central application team to improve patient flow and throughput at 450+ hospital organizations currently live on the Grand Central application in Epic's EHR system.
- Own the success of 2 healthcare organizations' use of the EHR by providing technical support, promoting new feature adoption, running weekly touch base meetings, and providing KPI reporting tools.
- Supported a large 1,000+ bed healthcare organization's transition to Epic's EHR system through onsite command center support, workflow education, troubleshooting, and optimizing system build to fit customer needs.

Area Manager Intern   June 2024 - August 2024
Walmart   Bethlehem, PA
- Managed day-to-day operations of fulfillment center's pick module alongside manager, including balancing workflow, motivating a team of 25 pickers, and championing safety to hit shipping cut-time targets throughout the shift.
- Led project to reduce number of units marked for quality assurance in pick module with a potential labor cost reduction of around $70,000 per year.
- Analyzed and collected data using the warehouse management system software and Tableau to create Excel tools to allow for better visibility of items being marked for quality assurance.

CAMPUS AND COMMUNITY INVOLVEMENT

Board Member   May 2024 - June 2025
Moon Co-Op   Oxford, Ohio
- Collaborated with board members to oversee the operations and performance of local grocery co-op during its first $1 Million sales year.
- Promoted & oversaw relationship between Moon Co-Op and Miami University student body through tabling events, data gathering, and event promotion.

President   May 2024 - May 2025
Zero Waste Oxford   Oxford, Ohio
- Treasurer (May 2022 - May 2024)
- Oversaw a team of 4 leadership members in running and promoting the student organization.
- Partner with other organizations to lead projects, including trash pickups, sustainability events, and informational presentations.
- Led weekly club meetings of around 15-30 people.

SKILLS

- Data Analysis, Root Cause Analysis, SQL, Technical Troubleshooting, Excel, WMS/EHR/ERP Software, Lean Six Sigma
