Important Information for all 2021 - 2022 IVC Scholarship Awards

Congratulations on being awarded a 2021-2022 Irvine Valley College Scholarship! You are being recognized because of your achievement at Irvine Valley College and we hope this award encourages you to continue on your path to success.

Step 1 (Transfer Students and Returning Students):

In order to receive your scholarship, you need to log onto ivc.academicworks.com and submit an electronic thank you letter to the donor(s), one per scholarship. Briefly explain how the scholarship will impact you and submit the letter on or before July 31, 2021.

We hope that the donor(s) who made your scholarship(s) possible will continue to support IVC students for years to come. A sincere thank you note from you enables the donor(s) to truly understand the difference they make which often inspires them to give again.

Step 2 (Returning Students):

The IVC Foundation will issue your scholarship check after you meet all of the requirements stipulated by the donor(s) and you submit an electronic thank you note. Once the requirements are met, your scholarship check will be available before your student fees are due and will be mailed to your address in mysite. If the donor(s) requires verification of units enrolled, your check will not be released until after drop day, September 13, 2021.

Step 2 (Transfer Students):

Students transferring to other institutions need to email the following information to the IVC Foundation Office at ivcscholarships@ivc.edu:

1. Proof of enrollment from your new college or university
2. Your student ID number for this school
3. Your transferring school's address where the check should be mailed, so that your account is properly credited

Please note that your scholarship check will be issued and mailed to the Financial Aid Office at your new school.

Best wishes for continued success in your academic pursuits at Irvine Valley College or other institution of higher learning!

Elissa N. Oransky
Executive Director
IVC Foundation
