

OBJECTIVE

Aspiring computer science graduate with robust experience in digital retail and freelance AI projects, seeking to leverage technical skills and a passion for technology in a dynamic tech environment. Known for impeccable multitasking and problem-solving abilities, I aim to contribute innovative solutions while supporting team growth and efficiency. Eager to integrate my academic achievements and real-world experience with a forward-thinking company dedicated to the advancement of AI technologies, ultimately enhancing operations and driving meaningful progress.

Kelly Reinersman

Student - Digital Retail Associate – AI Contributor

I am ready to embrace challenges and demonstrate my capabilities. My request is simple: Guide me in understanding how my expertise can contribute to enhancing your operations, and I will demonstrate my value. I am a force to be reckoned with, eagerly awaiting the chance to shine in my future career.

EXPERIENCE

AIR TRAFFIC CONTROLLER (ATC)
Walmart | Columbia, KY, USA – Dickson, TN
Apr 2021 — Present

- Execute online grocery shopping tasks proficiently, contributing to team efficiency and customer satisfaction.
- Frequently assumed responsibilities analogous to Team Lead, except for metric data analysis and schedule coordination, underscoring leadership capabilities.
- Proactively troubleshoot issues, becoming the go-to resource for associates seeking guidance and solutions.
- Support the training and onboarding of new associates, ensuring adherence to company standards and quality benchmarks.
- Trusted by superiors to undertake tasks beyond standard job requirements, demonstrating reliability and attention to detail.
- Express keen interest in advancing within the organization, aiming to leverage my skills and commitment for career growth.
