

# Taylor-Beth Huff

## Architecture Student & Intern

### experience

---

#### **Design Intern at Furniture Solutions (April 2022-present)**

As a design intern, I have organized many resources and created updated solutions to improve day to day flow. I assist with AutoCAD drafting of spaces along with major design decisions. I work with client interaction and marketing, utilizing my skills in graphic design and communication.

#### **Etsy Shop Owner (May 2020-present)**

I began my Etsy shop in high school in order to share my talent in calligraphy and graphic arts with others. I create a variety of custom items including stickers, magnets, keychains, planners, and wedding and event signage and decor. I have received over 1,700 orders and 400 five-star reviews. Additionally, three of my products have earned bestseller status.

#### **Axis JV Winterguard Director (2017-2021)**

I led my Junior Varsity winterguard while also being a member of the Varsity team. I coordinated routine and show development along with direct training and interaction of students.

#### **Junior Achievement Teacher (2019)**

I was the only high school student selected to teach local elementary students about finances alongside business leaders.
