WORK AT ALVERNIA UNIVERSITY

Alvernia University Resident Assistant, Reading, PA

- Provides support for residents
- Help residents develop their critical thinking skills, increase their cultural humility, and increase their understanding of mental health supportive skills and services.
- As an RA, we are encouraging student responsibility and accountability while working to provide a residential environment that enhances and extends beyond classroom learning.
- RAs are academically successful students who help build strong, healthy and engaging residential communities while upholding the core values of Alvernia University.
- As peers, RAs not only serve as a campus resource for residents, but also plan educational, cultural, and social programs and assist with roommate/suitemate conflicts.
