Education

Emmanuel College

Bachelor's degree Majors: Economics | International Relations; Diplomacy and Security Studies

Bachelor's degree Minors: Finance

Relevant Research: AI in financial literacy, Visual Thinking Strategies (VTS) in Collegiate Economic Education

Boston, MA

May 2026

May 2026

Experience

Internship – Massachusetts Clean Water Trust

Financial Research Intern

Massachusetts Treasury | Boston, MA

May 2024 – Aug 2024

I conducted a research project on Congressionally Directed Spending, where I demonstrated its long-term financial impact on the Trust's perpetuity by developing a comprehensive financial model. Additionally, I authored a memo advocating for the implementation of a debt sustainability and risk analysis into the private borrower policy to foster a more equitable and stable private lending environment.

Economics Research – Emmanuel College

Research Assistant

Emmanuel College | Boston, MA

Jan 2023 – July 2024

My research specifically focused on Artificial Intelligence usage within the classroom and Visual Thinking Strategies (VTS) in collegiate economics teaching. I presented this research at the CTREE 24 conference hosted by the American Economic Association (AEA) and the Federal Reserve Bank of Atlanta in May 2024.

Leadership & Organizations

Institute of Eastern Mediterranean Studies

Team Lead

IEMS | Boston, MA

Dec 2022 - Present

Works with a team to coordinate and host events such as a speaker event with the Albanian representative to the UN and the Consul General of Greece in Boston. Research, edit, and publish *The Eastern Mediterranean Times* Newsletter and weekly podcast. Fluently uses Mail Chimp services to reach a broad audience of readers. Spearheaded creation of and upkeeps website.

Certifications

Bloomberg Market Concepts

Credential ID: 5XvP5GUg2ujtnU23Y7nGUcof

Bloomberg for Education | Online

Jan 2024

I hold a Certificate in Market Concepts from Bloomberg, where I developed advanced proficiency in using Bloomberg Terminal functionalities. I gained expertise in interpreting economic indicators and evaluating bond valuations based on creditworthiness, inflation, and interest rates.
