Professional Summary

I am a first-year undergraduate student at the Georgia Institute of Technology pursuing a degree in Biochemistry. I am currently on the pre-med track planning to become a surgeon and getting an internship at the CDC during my time here. All topics in biology and chemistry are of great interest to me and I enjoy seeing how they tie back into the field of medicine.

Education

Georgia Institute of Technology	August 2022 – May 2026 (Expected)
Bachelor of Science in Biochemistry, Pre-Health Track

I served on various leadership positions such as Patrol Leader, Quartermaster, and Assistant Patrol Leader. It also taught me essential skills such as organization and persistence.

Research

<i>The Effects of Chiropractic Care and Massage Therapy on Blood Pressure Levels</i>	May 2022
---	----------

This was academic research I performed during my internship at Lake Pointe Wellness Center. I evaluated the effects of chiropractic care and massage therapy on blood pressure levels to investigate potential treatment options for hypertensive patients.

Awards and Honors

Zell Miller Scholarship Recipient	Fall 2022 – Current
Faculty's Honors List	Fall 2022
