Georgia State University

Bachelor of Science in Computer Science, GPA: 3.36

Atlanta, GA

Expected May 2027

Awards/Honors: IB Bilingual Seal, GSU 1913 Founders' Scholarship, GSU WomenLead Programmatic Fund

Relevant Coursework: Data Structures, Computer Organization and Programming, Discrete Mathematics, Linear Algebra, Women Lead in Technology, Software Development, Design & Analysis of Algorithms, Programming Language Concepts

TECHNICAL SKILLS

Programming Languages: Python, HTML/CSS, Java, MySQL, C#, C

Software: Visual Studio Code, Git/Github

Certifications: [Accenture Product Design \(Forage\)](#), [IBM Enterprise Design Thinking Practitioner](#), Google Project Management (Ongoing)

PROJECTS

[CompanyZ Terminal Interface](#)

- Utilized Java and MySQL queries to develop a program that allows for employee and admin user authentication, data storage, editing, and access. Facilitated collaboration through a GitHub repository and delegated programming tasks to teammates via issues. Reviewed others' code, provided feedback, and resolved branch conflicts.

Deux Web App (Ongoing)

- Building a web-app that is centered on web-scraping recipe websites to obtain key information. Uses a login system based on PHP and MySQL, allowing users to store their recipes.

[CareNest - Digital Learners to Leaders](#)

- Worked with a group of four to design a community solution that provides resources and support to new/single/low-income mothers. Set goals and deadlines early in the project, and combated scope creep by ensuring the project stayed local to Atlanta rather than all of Georgia or the U.S. Major challenges included team coordination, which I led the team through by breaking down tasks into subtasks, conducting regular check-ins, and mediating conflicts. Presented the project to stakeholders on various occasions to receive and implement feedback.

WORK EXPERIENCE

Saxbys Coffee

Atlanta, GA

GSU Student Vice President of Campus Marketing

Jul 2025 – Dec 2025

- Partner with Saxbys Brand Ambassadors, track their monthly content, and utilize their platforms to promote students using campus-specific tender at Saxbys. Furthermore, coordinate with campus influencers to produce content that highlights Saxbys Coffee cafes, products, and community involvement.
- Complete daily audits of the Saxbys app to verify that cafe hours, prices, and products are accurate. Create reports to Saxbys HQ regarding any issues with campus ordering platforms.
- Plan, execute, and reflect on tabling events, campus placements, and influencer & NIL partnerships.

LEADERSHIP AND PROFESSIONAL DEVELOPMENT

RISE in Computing at GSU

Atlanta, GA

Events Coordinator

May 2025 – Present

- Responsible for managing all technical, bonding, and company events for a cohort dedicated to broadening the participation of Black women in computer science by supporting their academic and professional success. This includes hosting activities, finding speakers, creating PowerPoint presentations and flyers, collaborating with other organizations, and seeking funding from companies.

Management Leadership for Tomorrow

Atlanta, GA

Career Preparation Fellow

Mar 2025 – Present

- Accepted into a selective 18-month professional development program for high-achieving diverse talent.
- Complete business case studies and assignments to grow leadership and technical skills.
- Attend conferences hosted by industry leaders such as Deloitte, LinkedIn, and Target.

Women In Technology

Atlanta, GA

Secretary

Aug 2024 – Nov 2024

- Played a key role in club and partner event management, working with a board of fourteen. Managed communication between stakeholders, including board members, three advisors, and external companies. Created written recaps of planning meetings and other events, recorded meeting minutes, and attended and managed events.
