

ALFRED DE LEON III

AlfredDeLeon3@gmail.com | 629-238-2054 | Nashville TN

Visionary IT executive with 13+ years of experience driving technology innovation, regulatory compliance, and digital transformation in healthcare. Adept at aligning IT strategies with business objectives, leading cross-functional teams, and implementing scalable solutions that enhance patient care and operational efficiency. Experienced in leveraging emerging technologies, cybersecurity frameworks, and cloud architectures to drive cost-effective, secure, and compliant healthcare IT solutions.

Core Competencies

- **IT Strategy & Governance** – Aligning IT initiatives with business objectives, optimizing technology investments
- **Healthcare IT & Regulatory Compliance** – Expertise in HIPAA compliance, data security, and patient information protection.
- **IT Service Management (ITIL)** – Streamlining IT operations, incident management, and service delivery improvement.
- **Enterprise Systems Administration** – Managing and securing healthcare IT infrastructure, ensuring uptime and performance.
- **Cybersecurity & Risk Management** – Implementing security best practices, vulnerability assessments, and disaster recovery planning.
- **Project & Vendor Management** – Overseeing IT projects, collaborating with vendors, and negotiating contracts for cost-effective solutions.
- **IT Budgeting & Cost Optimization** – Managing IT budgets, reducing costs, and maximizing technology ROI.
- **Digital Transformation & Process Improvement** – Driving efficiency through automation, data analytics, and cloud adoption.
- **Leadership & Cross-Functional Collaboration** – Partnering with executives, clinicians, and IT teams to enhance patient care through technology.

Professional Experience

Vanderbilt University Medical Center **Associate Clinical IT Support Specialist**

01/2022 - Current

- Deliver comprehensive IT support for various technical issues and challenges.
- Managed system upgrades and implemented security patches for essential applications.
- Coordinated acquisition of assets by managing purchases and vendor communications across departmental projects.
- Conducted evaluations and optimizations of data structures, enhancing data movement and system performance.

Vanderbilt University **Data Migration Specialist**

01/2021 - 01/2022

- Led data migration tasks, including program upgrades and enforcement of secure migration processes
- Collaborated with cross-functional teams to execute data transitions, supporting operational continuity for clients
- Utilized and enhanced data scripts, optimizing customer migration experiences
- Conducted assessments on data structures, providing actionable insights

for improved system interoperability

AIC Talent Solutions (ACS Group)

Surveillance Engineer

01/2019 - 01/2020

- Achieved a record 95% functionality for IP cameras, setting a new standard for system uptime
- Documented and analyzed camera recording issues, enhancing overall system stability and reliability
- Supported network troubleshooting, contributing to the lifecycle management of surveillance equipment
- Established standardized camera settings and managed firmware upgrades, improving system consistency and performance

Panasonic Security Solutions

Technical Support Engineer

01/2017 - 01/2019

- Delivered tiered technical support for Panasonic's video management software and IP camera solutions
- Managed complex technical cases, troubleshooting databases and connectivity issues and executing MySQL updates
- Conducted firmware updates and coordinated warranty claims, ensuring optimal performance for all camera equipment

MORI Associates, Inc. Contractor

Information Systems Security Engineer

01/2017 - 12/2017

- Contributed to security policy audits and development, focusing on compliance with NASA security standards
- Compiled detailed reports on security assessments, providing actionable recommendations to enhance system resilience

Education

Southern New Hampshire University | Manchester, NH

Bachelor of Science in Information Technology, Business Concentration

Expected Graduation: March 2026

- President's List, Spring 2025
- Relevant Coursework: Risk Management, Systems Analysis, Cybersecurity, Business Communications
- GPA: As of May 2025, 3.78

ITT Technical Institute | Nashville, TN

A.S. in Computer Networking Systems

Graduation: 09/2012

Websites, Portfolios, Profiles

- www.linkedin.com/in/adeleon1980

Accomplishments

- Graduated summa cum laude in 2012
