## PROFESSIONAL SUMMARY

Results-oriented and mission-driven retired U.S. Air Force Master Sergeant (E-7) with 22+ years of leadership in aerospace propulsion maintenance and jet engine operations. Proven success managing large teams, delivering complex rebuilds under pressure, and executing multi-million-dollar maintenance programs for global missions. Ready to leverage F101/F110 experience and executive-level coordination skills in a civilian aerospace role supporting military aviation operations worldwide.

Core Competencies:

- Aerospace Propulsion (F101, F110, F100, TF34)
- Jet Engine Disassembly, Inspection, Rebuild, & Test
- Flightline & Back-shop Maintenance Supervision
- Production Management & Quality Assurance
- War Reserve Engine (WRE) Fleet Oversight
- Time Compliance Technical Orders (TCTO) Execution
- Data Systems & Records (IMDS, TO Management)
- OSHA, TO, AFI, MSEP Compliance
- Budget Control, Supply Chain & Logistics
- High-Impact Team Leadership & Mentorship

Professional Experience:

U.S. Air Force

Master Sergeant (E-7)

Nov 2000 - Jul 2022 | Final Post: Production Superintendent, 7th Component Maintenance Squadron, Dyess AFB, TX

- Directed over 330 personnel (military/civilian/contractor) maintaining 83 B-1B and C-130 aircraft across 3 wings and 2 MAJCOMs.
- Spearheaded largest F101 workload in 2 years, rebuilding 19 engines; enabled 220% War Reserve Engine readiness a 10-year peak.
- Coordinated 23,397 maintenance actions supporting 2,593 sorties and 12,277 flight hours in execution of a \$171M Flying Hour Program.
- Managed \$130K budget and \$152M in equipment/facilities while enforcing zero-defect QA standards across multiple inspections.
- Piloted urgent Indo-Pacific deployment: prepped 5 engines and 7 trailers in record time to support 27 multinational sorties.
- Supervised emergency repairs and inspections, including a 120K lb. defuel, critical to sustaining global B-1 operations.
- Co-led Human Performance and morale efforts; led pandemic support, constructed PPE, and organized Habitat for Humanity projects.
- Developed AF-wide TO changes to eliminate B-1 tooling dependency; briefed top brass, recognized by senior leadership.

#### Deployments & TDY Assignments:

- RAF Lakenheath AB, UK
- Turkey (Incirlik AB)
- Multiple stateside TDYs including depot-level engine and programmatic support

#### Decorations & Honors:

##### Service Awards

- Meritorious Service Medal
- Air & Space Commendation Medal (2 Oak Leaf Clusters)
- Air & Space Achievement Medal (1 Oak Leaf Cluster)
- Meritorious Unit Award | Air Force Good Conduct Medal (6 devices)

### Campaign/Deployment Honors

- Afghanistan Campaign Medal | Korean Defense Service Medal
- Global War on Terrorism Service Medal | National Defense Service Medal
- Air Force Expeditionary Ribbon w/ Gold Border

### Education & Professional Training:

- Pursuing B.S., Accounting and Finance - Southern New Hampshire University (In Progress, GPA: 3.9)
- A.A.S., Aviation Maintenance Technology - Community College of the Air Force (CCAF)
- Aerospace Propulsion Technician Certification, Sheppard AFB
- SEJPME II, National Defense University - Joint Ops Qualification
- AFGSC Maintenance Production Supervisor Course
- Advanced Leadership & Resource Management Training

### Security Clearance:

Previously held Secret Clearance (eligible for reactivation)

### Availability:

Immediate availability for international and CONUS roles; Passport is current
