

Dylan Turner

IT Professional

SUMMARY

I am an IT Professional highly interested in Cyber Security and Network Operations. I currently hold a Department of Defense Secret Clearance and the CompTIA Security+ Certification. I am studying at the University of Maryland and plan to graduate in 2024 with my Bachelors of Science in Cyber Security Operations.

EXPERIENCE

- Jan 2023 - Present **IT Systems Team Leader**
US Army
- Mentored Junior Leaders and soldiers in the proper procedures for creating and maintaining secure communication over mediums to include SVoIP/VoIP, UHF/VHF, NIPR/SIPR, AFSK, and MPE.
 - Managed a group of personnel spread into 3 teams that certified to the Standard Operating Procedures designed for Patriot Missile Batteries that then participated in NATO operations in 3 different countries.
 - Oversaw COMSEC operations for the upper echelon Command and Control Node.
 - Accountable for upwards of 10 million USD in equipment, as well as a team of 12 personnel.
- Mar 2022 - Jan 2023 **Communications Security Manager**
US Army
- Managed the Cryptographic Key life cycle by securely deploying, storing, and destroying US Secret Communications Security Keys for more than 10 different types of encryption devices.
 - Cryptographic keys were deployed into equipment including encryptors, radars, routers, radios, and satellite communications equipment.
 - Trained other operators on the importance of Communications Security, and how to properly utilize the Simple Key Loader to fill keys into equipment.
 - Managed the approved frequency ranges for Ultra High Frequency(UHF), Very High Frequency(VHF) radios, as well the creation of IP Schema for a Battalion sized element of 600+ people.
- Jan 2022 - Jan 2023 **Network Communication Systems Specialist**
US Army
- Awarded multiple times for exceeding the standards by improving the organization on multiple levels and serving as a subject matter expert.
 - Deployed FTP Servers on a DOD Secret network to allow File Transfer of Sensitive Documents to improve efficiency across a Battalion Element.
 - Repaired and/or replaced equipment to include Routers and Switches, Multiplexer/Demultiplexers, Radios, Encryptors, and propriatry Routing Logic Devices.
 - Imaged and created IP Schema for a network of computers across a Battalion to allow secure communication on a Secret DOD Intranet.
 - Awarded multiple times for exceeding the standards and improving the organization on multiple levels while serving as a subject matter expert.
- May 2019 - Jan 2022 **Nodal Network Systems Operator**
US Army
- Graduated top of class during Advanced Individual Training with a GPA of 3.95.
 - Certified as a Communications Systems Operator in a Command and Control Battalion Element and was laterally promoted to Communications Systems Operator in Charge.
 - Certified as a Communications Relay Group Operator serving as a subject matter expert for the both the Communications Relay Group and Engagement Control Station.
 - Conducted training and taught the Battalion's Information Technology soldiers how to operate and maintain their equipment.

SKILLS

- Network Installation, Configuration, and Management
- Cyber Security Compliance and Operations
- Encryption
- Public Key Infrastructure (PKI)
- Virtual Machine Management
- Hardware/Software Troubleshooting and Repair
- Technical Manuals/Documents
- Team Management
- Windows OS/MacOS
- Android/iOS
- VOIP/Call Manager
- Microsoft Office
- Adobe Creative Suite
- Critical Thinking and Problem Solving
- Time Management
- Communication and Negotiating

TOOLS

- PuTTY
- KiTTY
- SolarWinds FTP
- Active Directory
- Cisco CLI
- Microsoft Office
- Minitab
- Wireshark
- Nmap

EDUCATION

- Jan 2022 - Present **Bachelors of Science Cyber Security Operations**
University of Maryland
- Dec 2021 - Dec 2024 **Security+**
CompTIA
Code: Z97FR27P9G111MK4
- Oct 2022 **Six Sigma Black Belt**
C.S.S.C
Code: QKJ9WiUF83
- Jan 2023 **Basic Leadership Course (BLC)**
7th Non-Comissioned Officer Academy
- Jan 2021 **Structured Self Development Course (Leadership Course)**
