PROFESSIONAL EXPERIENCE

Datavant **July 2022 - June 2024**

IT Portfolio Manager, Planning and Performance

- Managed strategic project portfolio across End Users, Infrastructure, Identity Management, and App Development.
- Led projects for identity and email domain unification post-merger with Ciox Health, transitioning tech stack from Google to Microsoft ecosystems.
- Implemented Integrations with Netsuite, Coupa and HCM systems (Oracle), and other applications
- Directed consolidation and outsourcing of three data centers, migrating servers to cloud-based SaaS solutions.
- Developed KPIs and analytics for portfolio monitoring and performance.
- Provided cross-functional leadership for process improvements in merged organizations, acting as an internal consultant.
- Ensured strategic alignment of projects with organizational goals, enhancing overall business performance.
- Established project management methodologies and standards to drive consistency and efficiency.

Verifone **January 2019 - June 2022**

Global Operations PMO

- Spearheaded Global Operations and Supply Chain Project Portfolio, driving strategic business transformation initiatives.
- Acted as a key advisor to the EVP Operations, ensuring seamless project management and execution.
- Managed a portfolio of 70+ initiatives, delivering \$6M in savings across Call Center, Repair, Logistics, Manufacturing, Quality, Procurement, and Finance.
- Implemented comprehensive Operations KPIs and led Business Review Meetings with Senior Management.

- Directed digital transformation projects including Salesforce and Oracle integrations, GDPR cloud migration, and data analytics, enhancing SLA performance for call centers and repair services.
- Developed and implemented KPIs and analytics for portfolio monitoring and performance.
- Actively participated in M&A activities, integrating systems and adjusting processes with new teams and reorganizations.
- Developed a customer-facing portal, enhancing self-service capabilities and communication with Call Centers.
- Guided a team of Program and Project Managers, promoting best practices and sustainable growth.

ARRIS Group Inc., El Segundo, CA
Senior Program Manager

January 2016 - July 2018

- Managed end-to-end programs and coordinated engineering teams across the Americas, Asia, and Europe.
- Collaborated with cross-functional teams to execute multi-million-dollar projects, ensuring alignment with product management and manufacturing objectives.
- Served as the primary liaison for customers and internal teams, providing regular project updates to executive leadership.
- Oversaw budget forecasting and management, consistently meeting customer requirements.
- Ensured compliance with telecommunications laws and regulations, achieving timely project completion and global compliance.
- Cultivated strong customer relationships, conducting needs assessments to drive customer loyalty and business growth.
