VERSATILIST

TO WHOM IT MAY CONCERN,

Are you looking for an **AI Trainor Evaluator, Peer Supporter, someone to run a document, e.g., Mental Health Case Manager, Project Coordinator, or Technical Writer, Behavioral Scientist/AI Trainer** with:

- **3+ years of hands-on experience in social science research, volunteer outreach, technical project management, or customer service?**
- A strong foundation in **applied social science, AI foundations, or cross-disciplinary problem-solving**, and knowledge of the latest **relevant technology or methodologies, e.g., data analysis tools, mental health resource coordination, or creative writing for advocacy?**
- **Excellent written and oral communication skills**, honed through **volunteer writing for Letters to Strangers, university club leadership, or memoir authorship?**
- A **passion for continuous learning** and a drive to **expand skills in mental health advocacy, launch innovative projects, or bridge technical and human-centered solutions?**

If so, you need to look no further. My enclosed resume demonstrates how I not only meet these qualifications but also bring a unique blend of **empathy, technical aptitude, and hands-on project experience** to your team.

I would welcome the opportunity to discuss how my background aligns with your needs. To schedule an interview, please call me on **757-996-0964**. I'm available at **preferred times, e.g., 9:00 a.m. to 5:00 p.m. EST**, but feel free to leave a message—I'll return your call promptly.

Thank you for your time and consideration. I look forward to speaking with you soon.

Sincerely,

Tisha L Stahl
