Work Experience

Orange County Government Center	2022-2023
Goshen, NY	Security Guard Shadow
Duties: Be ready and off the bus by 9am for the start of the day when the line for the DMV, courthouse, and district attorney's is backed up, I worked the metal detector machine rotating with a wand at the main entrance of the DMV rotating out with my supervisors but always being under their supervision. I would also spend rotations in the surveillance room or on the courthouse side if they needed me to that day.	

Newburgh DMV

Newburgh, NY	Security Guard Shadow	2023-2024
Duties: Be at the dmv by 8:50am for the gates open at 9am where I greet and wand civilians at the door, I then ask them firmly to place all items in the bin and raise their arms and spread their legs while giving a demonstration of it which always guarantees they understand me. I then ask If they have any weapons which they've already been asked by my supervisor outside the building then I wand them. Once my wanding is done I instruct them to grab their items then direct them to window 3 to start their business or start their paperwork on the counter.		

Newburgh Department of Social Services

Newburgh, NY	Security Guard Shadow	2023-2024
Duties: Be there by 8:50am for we open our doors at 9am where I greet and wand civilians at the door, I then ask them firmly to place all items in the bin and raise their arms and spread their legs while giving a demonstration of it which always guarantees they understand me. I then ask If they have any weapons then proceed with my wanding then hand them a number and instruct them to grab their items now and have a seat they'll call them to the window when they're ready for them.		

Orange-Ulster Career Technical Education Center

Goshen, NY	Sergeant Crossing Guard Supervisor	2023-2024
Duties: Apply for the position, send in my resume, then schedule a meeting with our law enforcement captain. Upon my promotion to this position, I was tasked with finding people interested in being in our crossing guard patrol members for our early education program kids. Once I found any interested people, I had to interview them then send them off to our field training officer crossing guard supervisors, which on completion of their training I place them on my squad or the other sergeants and hand them their crossing guard certification. You're tasked with scheduling your squad on their appropriate shifts and making sure they show up and aren't slacking off on the job for their responsibility for every kid that steps out a car in their parking lot until they make it into the doors of their building. If members of your squad do start acting not right I can and would discipline them by striping their certification making it null in void until I feel they've put in enough effort to earn the certification back.
