- President of Christian Collegiate Ministry group
- High School Student Recruitment

South Carolina Railroad Museum: July 13, 2024 - Present

- Volunteer as a carhost and maintenance worker: I give a narration of the railroad's history and point out historical landmarks along the train rides' route. I ensure that passengers are safe while both onboard and off of the train. I also make sure that I am safe while performing tasks and watching my surroundings at all times. I am clear and communicative with my coworkers, yardmaster, engineer, conductor, etc. I also have some railyard experience working on one of the passenger Canadian commuter railcars, repairing and restoring the passenger railcar to prepare the railcars for special train ride events throughout the year.
