RELEVANT EXPERIENCE

Ernst and Young

Audit / Assurance Intern

Cologne, Germany

Jun 2025 – Aug 2025

- Assisted in audits of individual and consolidated financial statements for companies of various legal forms and sizes and documented audit planning and execution using the EY Canvas electronic audit software.
- Identified key risks and internal control mechanisms through process walkthroughs and control testing and contributed to the preparation of audit reports for annual and consolidated financial statements.
- Supported the audit of significant balance sheet and income statement accounts, including Fixed assets, receivables, liabilities, provisions, and cash/bank confirmations.
- Performed balance confirmations and verified notes to the financial statements, management reports, and fixed asset schedules.
- Prepared and reviewed checklists for notes and management reports, including related conclusion checklists.
- Conducted analytical procedures and plausibility checks on financial statement figures and disclosures.
- Created and reconciled Excel-based schedules and financial statement mappings.
- Prepared Overall Analytical Reviews and standard Audit Work Papers.
- Gained hands-on experience applying IFRS, U.S. and German GAAP in audit procedures.

Dublin Business School

Commerce and Business Intern

Dublin, Ireland

July 2022

- Learned and analyzed how international trade laws and political policies impact global business operations and market access.
- Examined ethical business practices and corporate governance frameworks influencing modern commerce and sustainability standards.
- Evaluated the relationship between economic policy, legal regulations, and international trade agreements within the EU and global markets.
- Collaborated on projects assessing cross-border trade strategies, emphasizing the role of ethics, compliance, and political stability in business decision-making.
